

Safety Data Sheet

Schooltime Spray Away

SECTION 1 – IDENTIFICATION

Finished Product Trade Name: Schooltime Spray Away

Product ID: (Part # 615485101120)

Brand Name: Schooltime® Products

Use of the Substance/Mixture: Personal Care Product. Detangler, Nit Combing Aid

Uses advised against: Use as Directed and Follow Label Cautions

This SDS is designed for workplace employees, emergency personnel and for other conditions and situations where there is greater potential for large-scale or prolonged exposure, in accordance with the requirements of USDOL Occupational Safety and Health Administration.

For consumer use, all precautionary and first aid language is provided on the product label in accordance with the applicable government regulations, and shown in Section 15 of the SDS.

Manufacturer: BioSafe Technologies, Inc.
51 Monarch Drive, Denison, TX 75020

Contact: Lynn James-Meyer
Emergency Phone Number: Phone 903-463-7321 Fax: 903-463-7364

Manufactured For: Schooltime Products, LLC
www.schooltimeproducts.com

SECTION 2 – HAZARDOUS IDENTIFICATION

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

For Canada: This product is a consumer product as defined in the Canada Consumer Product Safety Act and as such it is exempt from the application of the Hazardous Products Act and Regulations (WHMIS 2015). Therefore this SDS is created for information purposes only and thus in some sections it may not comply fully with the requirements of WHMIS 2015.

Any information omitted from the SDS, should not compromise the effectiveness of the SDS to provide safety and health information to users of this product.

SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

3.1 Substances:
Not Applicable:

3.2 Mixture:
Information on Components and Impurities—Present at or above 1% in formula.

Chemical Name	Product Identifier CAS No.
Water	7732-18-5
Phenoxyethanol & Caprylyl Glycol--preservative	122-99-6 & 1117-86-8
Cocamidopropyl PG—Dimonium Chloride-- conditions	83682-78-4
Zemea—propanediol –solvent (non alcohol)	50463-2
Other ingredients are under 1% are non toxic ----- NO impurities in this product	

Safety Data Sheet

Schooltime Spray Away

SECTION 4 – FIRST AID MEASURES

4.1 Description of necessary first-aid measures

Inhalation:	Remove to fresh air if inhalation causes eye watering, or other discomfort
Skin contact:	None under normal use. If skin irritation occurs, discontinue use of product. Rinse with water. Get medical attention if symptoms persist
Eye contact:	In case of contact with substance, flush eyes with running water. If present and easy to do, remove contacts. If eye irritation persists, consult a physician.
Ingestion:	Not an expected route of exposure, Wash out mouth with water. Get medical attention if adverse effect persists. Product is virtually non toxic.

4.2 Most important symptoms and effects, both acute and delayed

General symptoms/injuries	:See symptoms applicable for specific routes or exposure, below. See Section 11 for further information.
Symptoms/injuries after inhalation	:No known significant effects or critical hazards.
Symptoms/injuries after skin contact	:No known significant effects or critical hazards.
Symptoms/injuries after eye contact	:May cause redness and tearing and eye irritation if product gets into the eyes.
Symptoms/injuries after ingestion	:No known significant effects or critical hazards

4.3. Indication of any immediate medical attention and special treatment needed.

None known

Extinguishing media

Suitable extinguishing media:	Water fog or fine spray, carbon dioxide, dry chemical or alcohol resistant foam (ATC type)
-------------------------------	--

Special hazards arising from the substance or mixture

Specific hazards during firefighting:	None known
---------------------------------------	------------

Advice for firefighters

Special protective equipment:	None known
-------------------------------	------------

SECTION 5 - FIREFIGHTING

Extinguishing media

Suitable extinguishing media:	Water, carbon dioxide, dry chemical or alcohol resistant foam (ATC type)
-------------------------------	--

Special hazards arising from the substance or mixture

Specific hazards during firefighting:	None known
---------------------------------------	------------

SECTION 6 – ACCIDENTAL RELEASE

Personal precautions, protective equipment and emergency procedures

None

Personal Precaution	None under normal use
Advice for emergency responders	Use personal protective equipment as required
Environmental Precautions	Do not discharge product into natural waters without adequate dilution.
Methods for Cleaning or taking UP	Dilute with water and mop dry or add dry material to absorb liquid
Methods for containment	Prevent product from entering drains. Prevent further leakage or spillage if safe to do so.

Safety Data Sheet

Schooltime Spray Away

Methods for cleaning up

Contain spillage and then collect with non-combustible absorbent material, (e.g. sand, earth, vermiculite) and place in container for disposal according to local/national regulations (see section 13).

SECTION 7 – HANDLING AND STORAGE

6.1 Precautions for safe handling

Advice on safe handling and usage: Keep container closed when not in use.

6.2 Conditions for safe storage, including any incompatibilities

Recommended: Compatible for use and storage at 40F – 100F (5C -37 C). Product performance is not affected by freezing, however, viscosity and pH may lower. Thaw product slowly and provide slow agitation. Empty containers may contain product residual and should not be reused.

6.3 Specific end use(s)

Detangling and combing aid

SECTION 8– EXPOSURE CONTROLS / PERSONAL PROTECTION

Components with workplace control parameters

Components	Value Type	Value	Update	Basis
N/A				

Components with workplace foreign control parameters

Components	Value Type	Value	Update	Basis
N/A				

Control Measures

Engineering measures: General Ventilation

Personal protective equipment

Respiratory protection: None required with adequate ventilation

Hand protection: None

Eye protection: For industrial settings, use safety glasses or goggles if splash hazards exist.

Skin and body protection: For industrial settings, use gloves

Protective measures: The protective equipment must be selected in accordance with current standards and in cooperation with the supplier of the protective equipment. Selection of appropriate personal protective equipment should take into account the performance of the protective equipment relative to the task(s) to be performed, conditions present, duration of use, and the potential hazards and/or risks that may occur during use.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Appearance

Form: Thin Liquid
Color: Opaque or hazy
Odor: Citrus fresh
Odor Threshold: none defined

Safety data

pH: 6.5-7.0
Melting point/range: >35C
Boiling point/boiling range: none defined
Flash point: >200°F
Flammability (solid, gas): no data available
Auto-ignition temperature: no data available
Water solubility: soluble (100%)
Solubility in other solvents: alcohols (100%)

Safety Data Sheet

Schooltime Spray Away

Partition coefficient /water:	none defined
Vapor pressure:	none defined
Evaporation rate:	none defined
Relative vapor density:	none defined
Specific Gravity @ 25°C	.99-1.01
Oxidation/Reduction Potential:	not applicable
Viscosity (Spd 6 / 5rpm @ 25°C)	100-300 CPS
Explosive properties:	non-explosive
Thermal decomposition:	None, if stored as prescribed
Lower explosion limit:	none defined
Upper explosion limit:	none defined

SECTION 10 – STABILITY AND REACTIVITY

Chemical Stability Stable under normal storage conditioners. Best if under 40-45C. Non flammable.

Hazardous reactions

Conditions to avoid Excessive heat, Contact with heat, flame and all other sources of ignition.
Materials to avoid Strong acids, bases and oxidizing agents.

SECTION 11– TOXICOLOGICAL INFORMATION

Acute toxicity

Acute oral toxicity: >5,000 mg/kg-body weight
Acute inhalation toxicity: none defined—non aerosol application
Acute dermal toxicity: Non Irritant -- Statement has been derived from skin toxicity study
Other routes of administration: none defined
Aspiration toxicity: none expected

Skin corrosion/irritation

Skin irritation: none

Serious eye damage/eye irritation

Eye irritation: can cause mild irritation if unrinsed

Respiratory or skin sensitization

Sensitization: non-sensitizer. Statement has been derived from substances/products of a similar structure or composition

Repeated dose toxicity

Repeated dose toxicity: none defined

STOT

STOT - single exposure: no known effect
STOT - repeated exposure: no known effect

Carcinogenicity

Carcinogenicity: no known effect

Mutagenicity

Genotoxicity in vitro: no known effect
Genotoxicity in vivo: no known effect

Reproductive toxicity

Reproductive toxicity: No known effect

SECTION 12 – ECOLOGICAL INFORMATION

Ecotoxicity assessment

Ecotoxicity assessment: none defined

Persistence and degradability

Biodegradability: based on its components, the product is readily biodegradable.

Bioaccumulation

Bioconcentration factor (BCF): none defined

Other adverse effects

none defined

Safety Data Sheet

Schooltime Spray Away

Environment assessment: based on its components, the product does not contain substances listed in Regulation (EC) 1005-2009 that deplete the ozone layer.

SECTION 13 – DISPOSAL CONSIDERATIONS

Product Disposal

Advice on Disposal: Add dry material to absorb spill. Using recommended protective equipment, collect into a suitable container and dispose in conformance with applicable laws and regulations and in conformance with good engineering practices. Avoid landfilling of liquids. Observe all federal, state and local landfill regulations. Product is water based and non flammable

Contaminated packaging: Disposal should be in accordance with applicable regional, national and local laws and regulations.

SECTION 14 – TRANSPORTATION INFORMATION

ADR	not regulated
RID	not regulated
IMDG	not regulated
IATA	not regulated

Note: The above regulatory prescriptions are those valid on the date of publication of this sheet. Given the possible evolution of transport regulations for hazardous materials, it would be advisable to check their validity with your sales office.

SECTION 15 – REGULATORY INFORMATION

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200(d), this SDS contains valuable information critical to the safe handling and proper use of the product.

14.1 U.S. Federal Regulations

TSCA Status

All components in this product are on the TSCA Inventory

CERCLA

Not applicable for consumer use.

SARA 313

Not applicable for consumer use

Food and Drug Administration (FDA)

The product described in this SDS is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable). This product is considered a Cosmetic.

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

Not applicable for consumer use

Clean Water Act

Not applicable for consumer use

California Proposition 65

This product is not subject to warning labeling under California Proposition 65

United States

Product is a personal care product and regulated under FDA

14.2. International regulations

CANADA

Domestic Substances List (DSL): All ingredients are listed on the DSL.

Follow all regulations in your country or region. BioSafe Technologies is unable to confirm all regulatory information in regard to the substances in your country or region, and this information is subject to change without notice.

SECTION 16 – OTHER INFORMATION

HEALTH

Safety Data Sheet

Schooltime Spray Away

FLAMMABILITY	0
REACTIVITY	0
PERSONAL PROTECTION	0

Follow the same we did for the LV3 [here](#).

The information provided in this Safety Data Sheet is accurate to the best of BioSafe Technologies, Inc.'s knowledge. No guarantees or liabilities are expressed or implied. Because users are most aware of the application of the product, they must ensure that proper personal protective equipment (PPE) is provided consistent with the information contained in the product SDS. This information is intended solely for the use of individuals trained in the particular hazard rating system. It does not release users from ensuring they are in conformity with all regulations linked to its activity.
